TELEVISION PRODUCTION PROGRAM

The Telecommunications Center offers Career and Technical Education courses in television production for high school juniors and seniors. Students receive hands-on instruction in television and video production that prepares them for a career and/or higher education in broadcasting and multimedia production. Students will gain experience by producing:

- Live NNPS Sporting Events
- Live School Board Meetings
- NNPS graduation ceremonies
- Public Service Announcements
- Music Videos
- Videos
- Talk Shows
- Commercials
- News Shows

Through a dual-enrollment agreement with Norfolk State University, students are eligible to complete college credits while still in high school.

Jump Start Your Career!

To learn more about the Telecommunications Program or to sign up for classes, visit your high school guidance office today or call 591-4687, ext. 57103!
